COMPANY LINE OF BUSINESS AND SUMMARY FROM THE REFERENCE LIST

NORTH Engineering Ltd. is a company that is in the following line of business: design, engineering, execution of work, research and development and data processing in the field of civil engineering. It was founded on 22nd of May 1990 as a privately owned company. Within the company there are two departments: Design and Engineering Department and Research and Development Department.

The main line of business of the Design and Engineering Department is making the design-technical documentation of the facilities of building construction and civil engineering construction, expert supervision of their execution, arranging expert business for the investors – consulting, engineering and execution of work.

The employees and the associates of our company have been involved in design process and realization of capital industrial premises, residential complexes, agricultural and hydro-technical facilities, food processing plants, public buildings, mega and super markets and other facilities of public significance.

Apart from the rich experience and expertise of the employees, the work technology is improved by using the computers and other following equipment which enables us to work using powerful software with wide range of possibilities.

Due to the vast number of realized projects in the table below please find enclosed the summary from the reference list of premises and facilities that were completed since the founding of our company.

Investor	Place of construction	Title and description of the facility/project	Year
CTP BETA d.o.o.	Šimanovci	Repurposing, reconstruction and adaptation of the existing warehouse-business facility A=13.722m ² . Design and Permitting.	2026
CTP PROPERTY DELTA d.o.o.	Niš	Production and storage complex. Conversion, reconstruction and adaptation of the existing building and construction of storage for flammable liquids. A=10.565m ² . Design and Permitting.	2026
RETAIL PARK FOUR d.o.o. Beograd	Kraljevo	Business facility Retail Park Kraljevo, A=9.500m ² . Design and Permitting.	2026
STOP SHOP SERBIA d.o.o.	Vršac	Business facility Retail Park Vršac 2. faza, A=1.310m ² . Design and Permitting.	2026

BIG CEE SRBIJA	Nova Pazova	Business facility BIG CEE Nova Pazova, 2. phase, A=3.380m². Design and Permitting.	2026
MOS d.o.o.	Sopot	Business facility Retail Park, A=6.000m². Design and Permitting.	2026
STOP SHOP SERBIA d.o.o.	Sremska Mitrovica	Business facility Retail Park Sremska Mitrovica 2. faza, A=800m². Design and Permitting.	2026
SIEMENS	Kragujevac	Production hall with administration A=10.900m². Conceptual design for feasibility study.	2026
CTP INVEST d.o.o. Beograd	Šimanovci	Relocation of the melioration canal K-111, L=590m. Design and Permitting.	2026
CTP INVEST d.o.o. Beograd	Šimanovci	Production-storage-business facility with accompanying facilities (SIM 9). A=54.400m². Design and Permitting.	2025

Our best references are successfully performed design projects and other expert businesses on numerous facilities. We have stated the most important ones. Our wish is that you join the satisfied clients and become the consumer of our services in your and our best interest, as well as help our mutual development. We hope that you have at least got an insight into the business of our company from the north of the Panonian plane, which for that reason, carries the name NORTH Engineering.

Sincerely,

Manager,
